**CIRCULAR FOR PARENT**

**31 May 2020**

**Dear Parent**

As we all are passing through an unprecedented time. It has compelled us all to stay indoors for unexpected time. The school has tried to keep the children engaged in constructive activities. We have tried to take proper care of students' physical, social and emotional health. Through different activities we are trying that our students get adjusted to New Normal. As summer is at its peak, we have decided to give a break in the form of summer vacation from June 1<sup>st</sup> to June 30<sup>th</sup> 2020. Teachers have given some innovative and creative work for holidays. Please assist your ward in doing this. As children are trapped in homes for a very long time so be more loving and caring. Try to understand their emotional and behavioural situation. Do not pressurize the child too much for studies. In this crucial time child's mental health is more important than studies. If there is any learning gaps teachers will take care of this after the summer break.

You can feel free to contact the teachers in case you have any queries regarding vacation assignments.

Hope for all the best. Have a happy and healthy Summer Break.

Stay at home- Stay Safe
